Subject: Regarding conduct of Yoga classes

Dear Sir,

With respect to above cited subject, we are very much aware about the importance of Yoga. Yoga is a way of life or Art of living through mental, spiritual and physical path. It allows to achieve stillness and to tap into the consciousness of inner self. It also helps in learning how to rise above the pull of mind, emotions and lower bodily needs and face challenges of day to day life.

We are sure that our students and staff will be greatly benefitted by the Yoga sessions. So, we request you to conduct the yoga sessions in our organization as per the schedule for the academic year 2022-23 and 2023-24.

Thanking you in anticipation.

With warm regards

Seminar on “Community Oriented Diseases Awareness Program” 14.03.2024

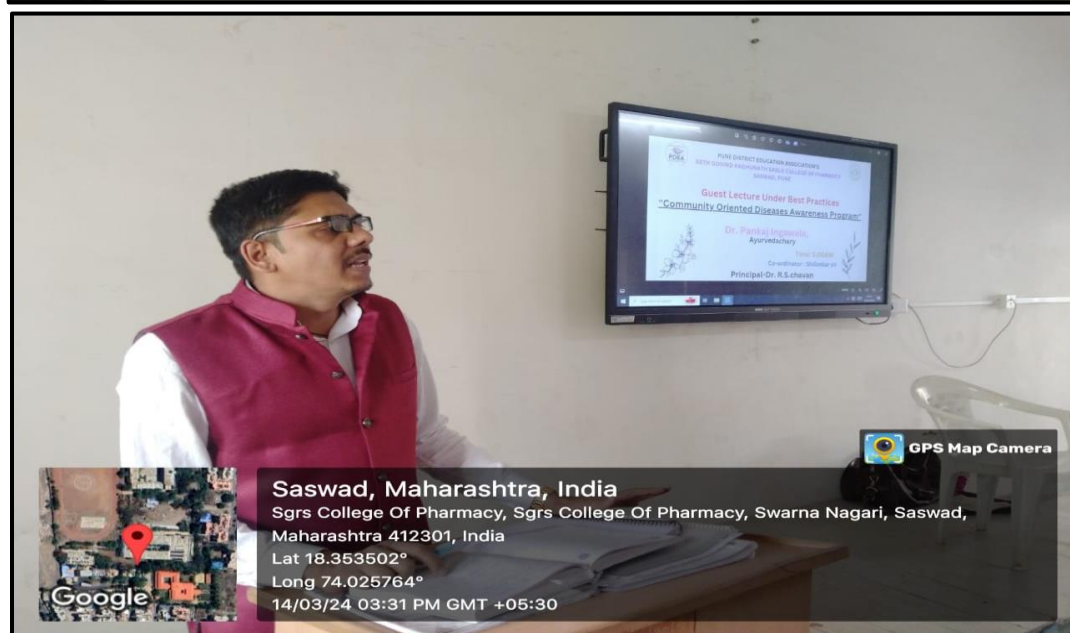

Community oriented diseases awareness program is an activity of our institute to provide social platform to our students as upcoming pharmacist, to know the need of society about health and hygiene, what is the actual roll of health professional towards the community. Poor hygiene and improper water, sanitation, and food supply strategies, in addition to inadequate care of wounds and injuries, can create an environment polluted with bacteria and viruses. The pharmacists being healthcare professional can be involved in disease prevention and control in many ways. For example, they can help to develop institutional screening programs to check immunization status and identify undiagnosed medical conditions (e.g., hypertension, diabetes, hyperlipidemia, depression, substance abuse, behavioral health issues). Reducing the spread of diseases, advocating the prudent application of antimicrobial drugs, and educating medical personnel, patients, and the general public are all duties of pharmacist in the society. For fulfillment of motto of this activity college was organized guest lecture of resource person **Dr. Pankaj Ingawale, Ayurvedachary** on “**Community Oriented Diseases Awareness Program**” scheduled on 14th March 2024 at 03.00 p.m. Dr. Pankaj Ingawale, guided our students for about pandemic situations and how to handle the disaster. Also he talks on various viral, communicable diseases and ayurvedic home remedies for curing the diseases. Program was coordinated by Dr. Vaibhav Shilimkar. Almost 80 students of T.Y. B. Pharma and S.Y. D. Pharm were attended the program.
