- **Swachhta Pakhwada (15/12/2021):**

The Swachh Bharat Abhiyan, launched on 02/10/2014 across the country as a national movement, is the most significant cleanliness campaign by the Government of India. According to the Government, a clean India would be the best tribute India could pay to Mahatma Gandhi on his 150th birth anniversary in 2019. By inviting people to participate in the drive, the Swachhta Abhiyan has turned into a National Movement. A sense of responsibility has been evoked among the people through the Clean India Movement. With citizens are now becoming active participants in cleanliness activities across the nation, the dream of a 'Clean India' once seen by Mahatma Gandhi has begun to get a shape. Swachhta Pakhwada started in April 2016 with the objective of bringing a fortnight of intense focus on the issues and practices of Swachhta by engaging GOI Ministries/Departments in their jurisdictions. An annual calendar is pre-circulated among the Ministries to help them plan for the Pakhwada activities. The Ministries observing Swachhta Pakhwada are monitored closely using online monitoring system of Swachhta Samiksha where action plans, images, videos related to Swachhta activities are uploaded and shared. Observing Swachhta Pakhwada, Ministries/ Departments announce their achievements through a press conference and other communication tools. For the Pakhwada fortnight, observing ministries are considered as Swachhta Ministries and are expected to bring qualitative Swachhta improvements in their jurisdictions.

Responding to the Nation's call by the Prime Minister Narendra Modi, NSS Unit, Pune District Education Association's Seth Govind Raghunath Sable College of Pharmacy, Saswad has taken the lead in launching the "Swachhta Pakhwada 2020" in the campus. Swachhta pakhwada 2020 programme was conducted by college to the entire campus on 15th December 2021 by conducting Swachhta Pledge and cleanliness drive in the campus. The main objective of the programme was to create awareness about plastic wastes, its impacts and cleanliness in and around the campus. Swachhta Pakhwada serves in connecting people to the nature and enhancing

those actions that make our country a better place. Total 110 students and 15 staff members attended this drive.

➤ **For Non- teaching Staff:**

The college has organized the staff development program for non-teaching staff on Safety Management on 04/06/2022 at 2.00pm in seminar hall. Laboratory gas safety is one of the most important aspects while conducting practicals. Many laboratories use a number of gases as part of their daily operations. Traditionally cylinders have been the most common method of gas supply and they are still widely used in labs around the world. If we use cylinders in your lab we must follow the safety tips. In view of this college invited the Surya Gas agencies to give training to the staff working in laboratories. Dr. Smita Pawar, Coordinator of Staff Development Program outlined the objective of the program. Dr. R. S. Chavan Principal welcomed all the guests. Mrs. Vandana Kale emphasized the safety practices in the laboratory. Further she elaborated on gas safety in the lab and what precautions to be taken to avoid any mishappenings. Mr. Vishal Deher of Surya Gas Agency enlightened the audience on fire and safety in the labs. He enlightened the audience on safety measures to be taken to avoid the accidental incidences in laboratory in very easy manner. He demonstrated the use of gas carefully to the audience. Mr. sanjay Rokade store In charge concluded the session with vote of thanks. The teaching, non-teaching staff and students attended the program. Total numbers of participants were 35.
