Topic/Event: "Plastic Waste Collection Drive"

Date: 05th June 2025

Time: 10.30 AM

No. Participants:

Ending Global Plastic Pollution

As a part of the World Environment Day 2025 celebrations themed "Ending Global Plastic Pollution," a Plastic Waste Collection Drive was successfully organized by the National Service Scheme (NSS) unit of college, on 5th June 2025 at 10:30 AM within the campus and surrounding areas.

The drive witnessed enthusiastic participation from teaching and non-teaching staff as well as students who actively engaged in collecting plastic waste materials from designated zones, aiming to contribute toward a cleaner and healthier environment. The activity was aimed at spreading awareness about the adverse effects of plastic pollution and encouraging behavioral changes toward reducing single-use plastics. Participants were provided with gloves and collection bags, and safety measures were followed throughout the drive. The collected plastic waste was segregated and handed over to the municipal waste management authorities for proper disposal and recycling.

Dr. Rajashree Chavan, Principal of the college, guided and motivated the students, emphasizing the role of youth in environmental conservation and sustainable living. Her presence inspired students to take proactive steps toward environmental protection. The initiative fostered environmental responsibility among the college community and highlighted the importance of collective action in tackling the pressing issue of plastic pollution.
