

Pharma Innovator Club

Activities for Academic Year 2025-2026

1 Information about the Club

The **Pharma Innovation Club** is a student-driven platform designed to encourage innovation, creativity, and research-oriented thinking among pharmacy students. The club aims to bridge academic knowledge with real-world pharmaceutical applications by promoting problem-solving, product development, and entrepreneurship in the healthcare sector.

2. Vision

To develop future-ready pharmacy professionals who are innovative thinkers, skilled researchers, and capable of contributing to modern healthcare through novel pharmaceutical ideas and technologies.

3. Mission

- To nurture creativity and innovation among pharmacy students.
- To provide hands-on exposure to research, formulation development, and pharmaceutical technology.
- To encourage students to design, develop, and present novel drug delivery systems or healthcare solutions.
- To promote collaboration with industry, research organizations, and start-up incubation centres.
- To strengthen entrepreneurial thinking and problem-solving skills.

4. Purpose of the Club

- To create a platform where students can explore innovative ideas in pharmacy and healthcare.
- To support students in developing mini-projects, formulations, prototypes, and patents.
- To enhance knowledge of advanced technologies such as NDDS, phytopharmaceuticals, AI in pharma, and medical device concepts.
- To motivate students to participate in innovation competitions, hackathons, and research conferences.
- To build a strong research culture within the pharmacy department.

5. Importance for Students

- Develops **innovation and critical thinking** skills
- Builds strong **research and formulation development** capability
- Enhances **industry-readiness** through practical exposure
- Helps students in **project work, publications, and patents**
- Improves confidence through presentations and competitions
- Encourages **entrepreneurship** and start-up culture
- Provides strong **CV building** for jobs, higher education, and interviews
- Creates opportunities for **networking with industry experts**
- Strengthens teamwork, leadership, and communication skills
- Helps students stay updated with **emerging pharmaceutical technologies**

Dr. Rajashree Chavan

7. Activities of the Pharma Innovator Club

- **Innovation competitions** (novel formulations, NDDS, herbal products, biotech ideas)
- **Workshops & hands-on training** (microbeads, ODTs, oral thin films, phytopharmaceutical extraction, AI tools)
- **Research project guidance** for formulations or health products
- **Mini-hackathons** on healthcare problem-solving
- **Guest lectures** by industry experts, innovators, entrepreneurs
- **Visits** to pharmaceutical industries, R&D labs, incubation centres
- **Patent awareness sessions**
- **Poster/oral presentation training** for conferences
- **Prototype development labs** (small working models, device ideas)
- **Community health innovation camps**

**Pune District Education Association's

Title of Event:Idea Competition

Date and Day: 23/07/2025, Wednesday

Time: 11.00 a.m.

Venue: Classroom 1.

Idea competition aims to foster creativity and innovation in given subjects like Pharma Health Science, Information technology, Media, Education, Environment, Water, Clean city, Agriculture, Food Technology, Social innovation and any other. It helps to discover new talent and ideas that have the potential to drive significant impact. Idea competition facilitates collaboration and networking among participants, industry experts and stakeholders. By keeping this motto in mind Pune District Education Association's Seth Govind Raghunath Sable College of Pharmacy & Poly Saswad has organized "**Idea Competition**" on 23rd July 2025 on the occasion of Birthday celebration of Hon. Shri. Ajitdada Pawar Saheb Dy. Chief Minister of Maharashtra and President- Pune District Education Association, Pune. Students from all classes actively participated in this competition and present their ideas through Soft flyers, models and presentations on the given topics. The evaluation of competition done by Dr. Sanjiv Tangasale Director of Sahyadri Nutraceutical Pvt. Ltd. The competition was coordinated by Mrs. Dipali Jagtap and Dr. Ganesh Nigade, Ms Smita Deshmukh, Ms. Pooja Pisal under the guidance of Principal Dr. R.S. Chavan

Title of Event: Pharma Innovator Club – Faculty Quiz Competition

Date and Day: 29/07/2025, Tuesday

Time: 4:00 PM

The Pharma Innovator Club organized a Quiz Competition exclusively for Faculty Members to commemorate the 4th Anniversary of the National Education Policy (NEP) 2020. The event aimed to foster awareness, encourage knowledge sharing, and promote active engagement with the objectives and reforms introduced under the NEP.

The quiz began at 4:00 PM, focusing on questions related to NEP 2020 and their significance in the context of higher education, particularly in pharmacy. Faculty members from various departments participated enthusiastically in the competition. The quiz consisted of multiple-choice questions covering key aspects of NEP 2020, educational reforms, and policy highlights. The event witnessed lively participation and created a healthy, competitive atmosphere among the faculty.

Outcomes for this activity are increased awareness among faculty members about the key features of NEP 2020. Encouraged inter-departmental collaboration and participation and strengthened the academic and intellectual spirit among faculty.

We extend our heartfelt thanks to the Principal **Dr. R.S. Chavan**, event coordinator **Dr. G.B.Nigade**, **Ms. Smita Deshmukh**, and all supporting staff for their contributions. Special thanks to all the faculty members who participated and made the event a success.

Ms Smita Deshmukh

Report on World Entrepreneurs' Day Celebration – Rise in Pharma Companies

Date: 21st August 2025

Coordinator: Dr. Ganesh B. Nigade, Asst. Prof. Smita Deshmukh

On the occasion of **World Entrepreneurs' Day**, celebrated on **21st August 2025**, the **Pharma Innovator Club** organized an insightful event themed "**Rise in Pharma Companies.**" The session was designed to recognize and inspire the entrepreneurial spirit among pharmacy students, focusing on the growing landscape of pharmaceutical start-ups and innovations.

The event highlighted the complete journey of a start-up — from the initial establishment of a company to its development and growth into a successful business. Discussions covered key aspects such as **idea generation, securing funding, regulatory approvals, product development, market entry, and scaling operations**, providing students with a comprehensive understanding of the pharma start-up ecosystem.

The event witnessed **active participation from students**, creating an inspiring platform for discussions on **innovation, leadership, and the future of the pharmaceutical industry.**

The event was successfully coordinated by **Dr. Ganesh B. Nigade, Asst. Prof. Smita Deshmukh**, with enthusiastic support from student leaders **Shruti Bembade, Shivam Jagdale, Krushna Taware, and Sumit Rathod**, under the guidance of our respected Principal, **Dr. R. S. Chavan.**

Event: Guest Lecture on “My Story – Motivational Session by Successful Innovators”

Date: 03rd October 2025

Time: 10:30 am **Venue:** Class Room no.4

Pune District Education Association's Seth Govind Raghunath Sable College of Pharmacy, Saswad organized a guest lecture on “My Story – Motivational Session by Successful Innovators” on 03rd October 2025 at 10:30 am. The session was arranged to inspire students by interacting with successful entrepreneurs and innovators who have made remarkable achievements in their professional journey.

The distinguished speaker for the event was Mr. Sagar Shukre, Founder of Kenaf Healthcare. Mr. Shukre is a successful innovator and entrepreneur who has established himself in the healthcare industry through determination, vision, and innovative ideas. Mr. Shukre shared his personal journey of becoming an entrepreneur, highlighting the challenges he faced and the strategies he adopted to overcome them. He emphasized the importance of innovation, perseverance, and continuous learning in today's competitive world. The session focused on how students can convert their creative ideas into real-life opportunities by adopting an entrepreneurial mindset. He motivated students to step out of their comfort zones, accept failures positively, and build confidence in their own abilities.

The lecture was highly informative and inspiring. Students gained a deeper understanding of the entrepreneurial journey and felt encouraged to pursue innovative ideas in their academic and professional lives. The session successfully instilled motivation, confidence, and vision among the participants.

Prathamesh Hole student of Final Year B. Pharm class expressed heartfelt gratitude to Mr. Sagar Shukre for sparing his valuable time and sharing his success story with the students. The program was coordinated by Dr. G. B. Nigade, Mrs. P. O. Pataskar, and Mrs. S. M. Deshmukh under the guidance of Principal Dr. R. S. Chavan.

Activity Report**Topic:** Presentation & discussion activity on “Digital Transformation of Health care System”**Date:** 15th October 2025**Venue:** Class Room

A presentation and discussion activity on the topic “Digital Transformation of Health care System” was organized on 15th October 2025 by Innovator Club. The main objective of the activity was to create awareness among students about the growing role of digital technology in the healthcare sector and to enhance their understanding of modern healthcare systems.

During the session, students **Shruti Bembade** and **Manoj Palave** Final Year B. Pharmacy students delivered presentations explaining various aspects of digital transformation in healthcare. They discussed topics such as the use of artificial intelligence and machine learning in disease diagnosis and treatment, the role of telemedicine and remote monitoring in providing healthcare access to rural areas, the importance of electronic health records for maintaining patient data, and the benefits of wearable devices in health tracking. Participants also highlighted the challenges faced in implementing digital healthcare solutions, such as data privacy, cost, and the need for proper training of healthcare professionals.

After the presentations, an open discussion was conducted in which students and faculty members exchanged ideas and shared their views on the future of digital healthcare. The interaction helped students understand how digital transformation can improve healthcare delivery, reduce manual errors, and make health services more efficient and patient-friendly.

Overall, the activity was very informative and interactive. It helped students gain knowledge about the latest trends and innovations in the healthcare industry and encouraged them to think critically about how digital technologies can be applied in real-world healthcare systems. The session was successfully concluded with positive feedback from all participants.

The program was coordinated by Dr. **Ganesh Nigade**, Asst. Prof **Mrs. Smita Deshmukh** and Asst. Prof. **Mrs. Payal Pataskar** under the guidance of **Principal Dr. Rajashree Chavan**.

Student Induction Program 2025-26

Activity Report

Title of Event: Student Club's Connect under "Pharma Innovation Club"

Date and Day: 27/11/2025, Thursday

Time: 11.30 a.m.

Venue: Seminar Hall

An Induction Programme was successfully organized for First Year B.Pharm, Direct Second Year B.Pharm, and First Year Pharm students of the college under the initiative of the Pharma Innovator Club. The programme was conducted with the objective of welcoming newly admitted students and helping them adjust to the academic environment, institutional culture, and professional values of the pharmacy profession. It provided students with an opportunity to understand the academic structure and professional demands of pharmacy education. The induction programme also served as an important platform to bridge the gap between school and undergraduate learning and the professional course structure of pharmacy education. It created an interactive and friendly environment where students could develop confidence, motivation, and a clear understanding of their future roles as pharmaceutical professionals.

The Pharma Innovator Club plays a vital role in promoting innovation and research-oriented thinking among pharmacy students. It provides a platform for students to explore

creativity, critical thinking, and problem-solving skills beyond classroom learning. The purpose of the club is to encourage innovation-driven education and to motivate students to participate actively in research and project-based learning. It also aims to build leadership, communication, and organizational skills among students. The club guides students toward professional ethics and quality development while motivating them for start-ups, patents, paper publications, and scientific achievements. The club continuously supports students in enhancing their practical knowledge and preparing them for professional challenges.

During the induction programme, three senior students actively participated and presented information about the objectives and working of the Pharma Innovator Club. Final year student Shruti Bembade a Final Yr. B. Pharmacy student delivered an informative and motivational session on the importance of innovation in the field of pharmacy. She guided junior students about the advantages of joining the Pharma Innovator Club and explained how they could benefit from activities such as workshops, research projects, seminars, competitions, and industrial visits. She also motivated students to participate actively in club activities to improve their professional competence, personal growth, and self-confidence. Shreya Ingale and Krishna Yadav Second Yr. B. Pharm. students explained the purpose and core activities of the Pharma Innovator Club in a simple and engaging manner. They highlighted opportunities related to project participation, idea presentation, poster exhibitions, and awareness programs conducted by the club. He emphasized the importance of teamwork, creative thinking, and active participation to shape students into innovative professionals of the future.

The induction programme proved to be highly beneficial and effective for the students. Participants developed awareness regarding pharmacy education, professional expectations, and career opportunities. They were motivated to take part in co-curricular and extracurricular activities along with academics. The programme improved their confidence and interest in professional learning. Students gained a better understanding of the importance of innovation and research in modern pharmacy education. They were inspired by senior students and developed comfortable communication with the academic system. Many students expressed interest in joining and actively participating in the Pharma Innovator Club.

The induction programme was conducted successfully and received positive feedback from students. The contribution of senior students Shruti Bembade, Shreya Ingale and Krishna Yadav was highly appreciable and motivating for the new entrants. **Asst. Prof. Smita Deshmukh**, with enthusiastic support from student leaders **Shruti Bembade, Shreya Ingale, and Krushna Yadav**, Co-ordinated the programme under the guidance of Principal, **Dr. R. S. Chavan**.

Topic: From Lab Research to Pharma Start-Ups

Date: 11th December 2025

Time: 11:00 a.m.

Venue: Classroom 5

On the occasion of World Entrepreneurship Day, the college organised a special session on **11th December 2025 at 11:00 a.m. in Classroom No. 5.**

The program was arranged especially for **First Year students and Innovator Club members** of B.Pharm, and M.Pharm to create awareness about entrepreneurship opportunities in the pharmaceutical sector.

The theme of the session was **“From Lab Research to Pharma Start-Ups”**, focusing on transforming innovative research ideas into successful pharmaceutical ventures.

The guest speaker for the session was **Ms. Pradnya Yadav**, representative of Piyush Nutripharma OPC Pvt Ltd, Saswad. She shared her entrepreneurial journey, challenges faced while establishing a pharmaceutical start-up, regulatory requirements, funding opportunities, and strategies for converting research concepts into market-ready products. Her insights inspired students to think beyond traditional career paths and explore start-up culture in pharmacy.

The session was highly interactive, with students actively participating in the discussion and raising queries regarding start-up registration, product development, marketing strategies, and financial planning.

The program successfully motivated students to develop an entrepreneurial mind-set and encouraged them to take innovative initiatives in the pharmaceutical field. The activity concluded with a vote of thanks expressing gratitude to the guest speaker and all participants for making the event successful.

Title of Event: Session on “Solve to Heal: Startup Challenges”

Date and Day: 19/01/2026, Monday

Time: 11.30 a.m.

Venue: Classroom 1

A session on the theme “**Solve to Heal: Start-up Challenges**” was organized on the occasion of **National Start-up Day** by the Pharma Innovators Students Club of the college. The main objective of the program was to create awareness among students about the startup ecosystem in the healthcare, professional, and pharmaceutical sectors, and to encourage innovative thinking, entrepreneurship, and problem-solving skills. During the session, final-year students **Salat Attar, Shruti Bembade, and Sumit Rathod** delivered insightful discussions focusing on startup opportunities and challenges. Their presentations highlighted areas such as digital health solutions, AI-driven disease diagnosis, pharmaceutical product innovation, affordable healthcare technologies, regulatory challenges, funding opportunities, and market access issues. Emphasis was given to identifying real-world healthcare problems and developing sustainable startup solutions to address them.

Dr. Ganesh Nigade also discussed key challenges faced by healthcare and pharmaceutical startups, including regulatory compliance, high research and development costs, data privacy issues, clinical validation, scalability, and the need for interdisciplinary collaboration. The session provided students with a clear understanding of how innovation and entrepreneurship can contribute to improving patient care and strengthening the healthcare system.

An interactive discussion session was conducted, during that students exchanged ideas and shared their perspectives on startup development in the pharmaceutical and healthcare domains. The discussion motivated students to explore startup incubation opportunities, government initiatives supporting start-ups, and career prospects in pharmaceutical entrepreneurship.

Overall, the program was informative, interactive, and inspiring. It helped students gain awareness about the importance of start-ups in nation-building, particularly in the healthcare and pharmaceutical sectors, and encouraged them to think critically about transforming innovative ideas into viable startup ventures. The session concluded successfully with active participation and positive feedback from all attendees.

The program was coordinated by **Dr. Ganesh Nigade and Asst. Prof. Mrs. Smita Deshmukh**, under the guidance of **Principal Dr. Rajashree Chavan**.

Celebration of National Science Day**

Title of Event: Online Quiz Competition and a Biography Presentation of Scientists

Date: 28th February 2026 **Time:** 11:00 a.m.

Venue: Classroom No. 2

Class: S. Y. B. Pharm

On the occasion of **National Science Day**, the Pharma Innovator Club organized an **Online Quiz Competition and a Biography Presentation of Scientists** for the students of S. Y. B. Pharm on Saturday, 28th February 2026 at 11:00 a.m. in Classroom No. 2.

The program commenced with a brief introduction highlighting the significance of National Science Day, which is celebrated to mark the discovery of the Raman Effect by Sir C. V. Raman. The objective of the activity was to promote scientific awareness, encourage innovative thinking, and inspire students through the life stories and achievements of great scientists.

The Online Quiz Competition was conducted to assess the students' knowledge in the field of science and pharmacy. The students participated enthusiastically and demonstrated strong analytical and conceptual understanding.

Following the quiz, S.Y.B.Pharm students — Krishna Yadav, Bhakti hole , Sophia Shaikh and Sayali Bhosale, presented biographies of renowned scientists, highlighting their contributions, struggles, achievements, and impact on society. The presentations were informative and inspiring, and they helped enhance the participants' communication skills and confidence.

The program concluded with encouraging words from Asst. Prof. Smita Deshmukh, who motivated the students to develop a scientific attitude and continue striving for excellence in research and innovation.

The event was successfully conducted with the active participation of all S.Y.B.Pharm students. It proved to be an informative and inspiring celebration of National Science Day. The program was coordinated by Asst. Prof. Mrs. Smita Deshmukh under the guidance of Principal Dr Rajashree Chavan.
