Report on Street Play on the occasion of World Environment Day

Event Name: Street Play

Date: 05/06/2026

Venue: Palkhi Maidan, Saswad

On the occasion of **World Environment Day**, the **Green Club** of the college organized a **Street Play** on **5th June 2026 at 5:30 PM** at **Palkhi Maidan, Saswad**. The activity was conducted with the objective of creating awareness among the general public regarding environmental conservation and encouraging sustainable practices.

The street play was performed by the members of the Green Club. Through their energetic performances and meaningful dialogues, the students effectively conveyed important environmental messages to the audience. The theme of the street play focused on several pressing environmental issues affecting society today. Students highlighted the harmful effects of excessive plastic usage and emphasized the importance of reducing single-use plastics to protect the environment. They also highlighted the consequences of unnecessary storage and wastage of water, encouraging the public to adopt responsible water conservation practices.

Another significant aspect of the performance was creating awareness about global warming, its causes, and its impact on ecosystems and human life. The students demonstrated how increasing pollution, deforestation, and irresponsible human activities contribute to climate change. The play further depicted the challenges faced by farmers, including irregular rainfall, water scarcity, declining agricultural productivity, and the adverse effects of changing climatic conditions on their livelihood.

The street play successfully delivered the message that every individual has a vital role in protecting the environment. The performance encouraged the audience to adopt eco-friendly habits such as minimizing plastic use, conserving water, planting trees, reducing pollution, and actively participating in environmental conservation initiatives. The interactive presentation helped create awareness and inspired the public to become responsible citizens committed to sustainable living.

The activity received an overwhelming response from the audience, who appreciated the students for addressing relevant environmental issues through a creative and impactful medium. The program not only enhanced public awareness but also provided students with an opportunity to develop leadership, teamwork, communication, and social responsibility.
