Report on "Career Opportunities in Medical Coding"

Event Name: "Career Opportunities in Medical Coding"
Date: 03/09/2026
Time: 11.00 am
Venue: Classroom no. 1

The Training and Placement Cell of the college organized a career guidance session on **"Career Opportunities in Medical Coding"** on **3rd September 2026 at 10:00 AM**. The session was conducted by **Mr. Ranjeet Bhagat, Manager, SoftPlexus Pvt. Ltd., Pune**, with the objective of creating awareness among students regarding the field of medical coding and its career opportunities in the healthcare sector.

He introduced students to the concept of medical coding and its relevance in the healthcare industry. He explained how medical coding involves translating information related to diseases, diagnoses, medical procedures, and healthcare services into standardized codes used for documentation, billing, insurance claims, and healthcare data management.

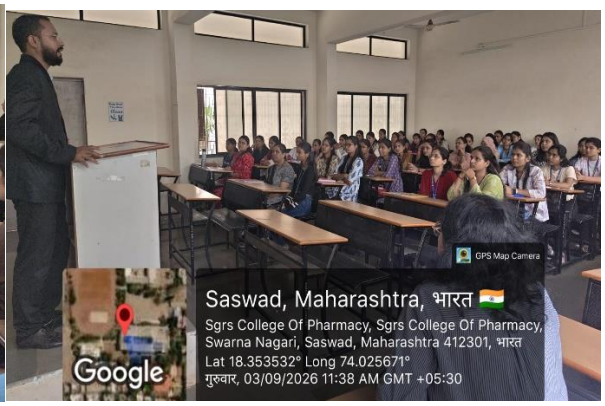

He also discussed the career opportunities available in medical coding for B. Pharmacy**.** Students were informed about the scope of medical coding in healthcare organizations, hospitals, medical billing companies, insurance companies, and healthcare support services. The session helped students understand how their knowledge of anatomy, physiology, pharmacology, pathology, and medical terminology can be useful in developing a career in this field.

Emphasis was also given to the skills and competencies required for a career in medical coding. Students were encouraged to strengthen their knowledge of medical terminology, disease conditions, anatomy and physiology, coding concepts, documentation, and attention to detail. The importance of communication skills, accuracy, analytical ability, and continuous learning was also highlighted.

The session was interactive, and students actively participated in the discussion and raised queries related to career opportunities, required skills, job roles, and career growth in medical coding. The interaction helped students gain better clarity regarding the healthcare industry and the professional opportunities available beyond conventional pharmaceutical career paths.

Overall, the session was informative and beneficial for the students. It enhanced their awareness about the scope of medical coding and helped them understand the skills and preparation required to enter this field. The program contributed towards improving students' career awareness, industry exposure, and readiness to explore diverse career opportunities in the healthcare sector.
